Lightning did damage in two
places in the county during the
storm of Monday. The dwelling
belonging to the widow Rainey
on what is known as the Charles
Tumey farm near Mackville was
struck and very badly damaged.
Fortunately the family was
away from home at the time. A
man on the farm of Mr. Len-
Hamilton in the Smith neighbor-
hood was struck by lightning
and caught fire and was burned
to the ground.

Last Friday night the Spring-
field Fox Club gave its annual
Fair Hop at the opera house and
those who were present report
that it was one of the most de-
lightful dances ever given here.
The dancing began at 9:30 p.m.
and before Saxton's orchestra
had completed its program of
twenty-four pieces, Saturday
morning had been ushered in.
The pleasure of the occasion
was greatly added to by the
number of attractive visiting
girls in attendance, in whose
honor the dance was given. Sax-
ton's music, as usual, was all
that could be desired.

A Shooting Scrape.

(Special to News-Leader)
Lebanon, Sept. 3.—On Mon-
day morning, tanked up on New-
Hope booze, Geo. Sapp, Rome
Sapp and Nick Osbourne went
to the home of Jim Wheeler and
as the men were away they
drove the women off and took
possession of the place. Sheriff
Garten was summoned to the
scene of the trouble, but before
he got there the men fell out
among themselves and Nick
Osbourne was shot with a shot
gun. The wound is serious but
not fatal. When the sheriff ar-
rested Nick Osbourne and Geo
Sapp, Rome Sapp escaped and
went up the road and lay in wait
and when they passed he drew
his gun on the sheriff and told
him to surrender, but Garten
drove on to town with the two
prisoners. Afterwards he went
back with Billy Brown and
Arch Thompson, but as it was
growing dark they could not
find Sapp. These Sapps are
tough characters. This happened
at Millstone. J. A. S.

Death of Mrs. Thompson.

Mrs. Eliza Thompson widow
of the late Lloyd Thompson, and
one of the oldest and most re-
spected residents of the county
died at her home near Freder-
ickston Tuesday night of ail-
ments incident to old age. The
deceased was 82 years old and
had been a resident of the county
all of her life. She was a
daughter of the late Isaac
Weathers who was one of the
early citizens of the county.
Mrs. Thompson was a woman
whose life was filled with good
deeds and acts of charity which
made her respected and loved
by all of her neighbors. She is
survived by the following sons:
Messrs Charles, Willard, Joseph
and Alex Thompson and one
daughter, Mrs. James Cecil.
She was a devoted member of
the Catholic faith and her funeral
will be conducted at St. Rose
this (Thursday) morning.

Children in Pain
never cry as do children who are suf-
fering from indigestion. Such is the
case of all baby's who cry and are
treated for sickness, when they really
are suffering from hunger. This is
caused from their food not being as-
similated but devoured by worms.
A few doses of White's Creamer
will cause them to cease crying
and begin to thrive at once. Give it
at once. Sold by the Red Cross Drug

The new way of using the telephone,
supposed to have been hit upon by one
of the many French cranks who are
concerned with keeping clear of genius,
which is to press the receiver against
the chest instead of holding it close to
the mouth and talking in the usual
way, the voice, it is claimed, being
carried perfectly, is now quite popular
in Philadelphia, says the Philadelphia
Record. The low clothing there is be-
tween the chest and the receiver the
better, but if the pressure be from the
mouth, the sound is muffled, it is
declared, does not interfere. The sci-
entific explanation of this phenomenon
is that the sounds of the voice, which
are carried by the air, are carried by
the bones as they would be by a sound-
board.

Sat Early For Good Ones.
At the end of a big ball one of the
guests went into the cloakroom at 3
in the morning to put on his slippers
and the attendant came forward with
a coat.

"That isn't my coat," said the guest.
"Mine is a perfectly new one."

Sour Stomach
No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

W. S. S. S. of Reservoir, W. Va., writes: "I was troubled with sour stomach for years and we are now using it in our family."

written with a pencil, and even written by some one accused to writing, as the writing was quite plain and the spelling good but the punctuation bad. The following is the letter in full:

Sunday, March 1907
If the one that this note will have the pool of water at the Springfield Fair Grounds drug they will find the corpse of a stranger who was robbed one night and his body weighted and sunk it was done by local parties when this is found the writer will be out of the state. From One afraid to talk P. S. This is no bluff.

The note was turned over to Marshal John Grace, who went to the pond on Monday morning and with a number of boys made a thorough search of the place, but without result.

The missive is probably the result of some "lucky" man's idea of a joke. The public and take comfort in the writer's remark that he would soon be "out of the state." It is to be hoped that he will remain away.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Haydon & Robertson Druggists. 50c.

Lebanon Locals.

The firm of Bunnell & Clements has dissolved partnership. Mr. Clements retiring. These gentlemen have been in business together for the past ten years as plumbers and tinners and have been known throughout this section as an honorable and thrifty firm, having gained many friends and patrons by their reliable and courteous conduct. It was a mutual agreement that they dissolve, and Mr. Clements will remain with Mr. Bunnell for a few weeks until he decides on his future plans. Whatever business the junior member may decide upon, his many friends will wish him much success and happiness he so richly deserves. It is needless to say that popular James Bunnell will continue to hold his own in this busy world.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietor has so much faith in its curative powers that he offers one hundred dollars for any case it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by druggists 75c. Hall's Family Pills for constipation.

All persons knowing them selves to be indebted to me are hereby notified to call and make settlement at once or they will be proceeded against for force collection. I need the money and I mean business.

for by the cutting of the coupons from privileges. The fair this year was conducted strictly with the "lid on." No intoxicating liquors were sold on the grounds and no gaming or gambling devices were permitted to operate. Even the grand stand sport who has been in the habit of backing his judgment in picking the winner, to the extent of a few dollars was put under the lid and the old family cry of "a dollar I can bet 'em and color 'em" was heard no more.

The single judge system for the judging of the horse rings was tried here for the first time and on the whole gave satisfaction. Mr. J. R. Allen of Warren county, was engaged and acted as judge in the horse contests throughout the meeting with few exceptions. The single judge system in all rights, but the method as used at the Springfield Fair could be improved on by having another man to relieve the first. The same animals come into competition two and sometimes three and four times during the fair. The judge who first serves passes his opinion on the contestants one day and it is natural to suppose that his opinion will be the same on the next occasion when the same contestants come together. It appears to us therefore that it would be much more satisfactory to have a new man to judge these other contests.

Round Trip for Half Fare.

Railroads. Announce the Lowest Rates for Kentucky State Fair. With seventeen big exhibition departments, amusement features that are the best in the country, music that cannot be excelled, such a speed program worthy of the Kentucky State Fair at Louisville, Sept. 10th to 12th, should be the largest attended gathering in the history of Kentucky. The only one thing that would make the condition ideal was low railroad rates and this has now been fixed. The railroads in Kentucky have announced a rate of one fare plus twenty-five cents for the round trip, tickets going on sale the Saturday before Fair week and good return for the Monday following Fair week. Tickets to Indiana will be sold on the Kentucky basis of one and a third fare, inasmuch as the regular rate in Indiana is two cents a mile.

CAPTIVE BALLOON ENGAGED.

To be strictly up to date and enter to the minds of all, the Kentucky State Fair management has not only concluded negotiations for a passenger-carrying straub and balloon races during the week of Sept. 10th at Louisville, but has also secured a captive balloon, which is to carry passengers in the air every ten minutes. This was one of the specialties of the St. Louis Exposition, and will undoubtedly prove a good drawing card at State Fair, the week of Sept. 10.

For the first time in the history of a State Fair in Kentucky, a handsome award is to be made to the county whose exhibitors receive the largest number of ribbons. This is to be in the nature of a sterling silver plate, hand-made engraved, valued at \$100. It is to be placed, for three months after the Fair, in the county of which the exhibitors receive the most ribbons. Let it be to be hung on the walls of the old capital, and, naturally, in a room in the new capital!

Anglo-Saxon French.
For two centuries we have been crying "Boo!" at the end of a word, where a Frenchman never says it, his own equivalent for it strongly being the Latin "Bia!" And "on the tape" appears in English far more often than in French, and misunderstood at that, since it does not mean "on the tape," but on the tablecloth of the commensal table for discussion.—London Chronicle.
